### DISCUSS PROGRAMME FOR COMMUNITY SERVICE HERE

The executive committee appointed last week by the chamber of commerce to champion community service activities in this city held its second meeting on Monday afternoon at 6 o'clock at the chamber of commerce rooms on Main street. Most of the committee meeting was taken up with a preliminary discussion on the community service programme which will be put in operation by the committee under the direction of J. J. Barry, community service organizer.

The next meeting of the committee will be held Wednesday evening of next week when the members of the committee will listen to an address by District Representative Curtis L. Harrington of New York city. Mr. Harrington is an expert on playgrounds and on community service activities in general. A full committee meeting is expected.

### NORWICH IS LAGGING IN SALVATION ARMY CAMPAIGN

Norwich is way behind in the Salvation Army drive as compared with the neighboring towns and villages, said Campaign Director Norman E. Hicks Monday evening when asked how the campaign is progressing locally. As an example of how the drives are progressing in the smaller towns in New London county, Hicks said that in the towns of Mystic and Stonington and the borough of Jewett City have raised two-thirds of their quotas to date while Norwich can't begin to come up to that showing.

However, said Mr. Hicks, the local drive picked up considerably Monday and from now on we expect contributions to come in thick and fast. Mr. Hicks went on to say that the response to the pledge letters of which he sent out some 3,000 last week, has not been nearly as large as he and his co-workers expected. The campaign director, expressed the hope that those who received the letters will fill out the pledge cards and mail their contributions to Arthur E. Story, No. 78 Laurel Hill avenue, as soon as possible. Mr. Story is acting as treasurer for the best drive.

The various solicitors are at work daily and reports from them started to come in Monday evening. Carl F. Brend, one of the solicitors, turned in \$125.00 Monday night at Salvation Army headquarters in the Auditorium Hotel and Albert T. Fairbanks, another solicitor turned in \$10.35.

The meeting was the last official gathering of Mayor J. J. Desmond and the council members who have made up the council in the past year. The hour for calling the meeting was deferred beyond the usual time of 8 o'clock because of the republican caucus that was being held in the town hall and was further deferred by committee meetings of the council members before Mayor Desmond finally called the session to order at 8:45. Aldermen C. V. Pendleton, J. J. Connelley, R. C. Perry and Clarence M. Barber were the absentees.

After Clerk William R. Friebe had read the application and the reports of the public works committee recommending that permission for the installation of gasoline pumps be given to John Jorman, corner of East Main and North Main streets, in the town hall.

On Main street, in the town hall, the council voted the permits.

Alderman Joseph A. George and Councilman Edward Crooks, a special committee appointed some time ago to consider the subject of a comfort station, reported that they recommended the new town hall at Hartford and Hartford railroad station as the most suitable place as arrangements can be made with the road. The committee recommended an appropriation of \$1200 for this purpose be included in the warning for the annual city meeting, which was voted by the council.

Upon request from Sedgwick post, No. 1, G. A. R., the usual \$100 was appropriated for their expenses on Memorial Day and the council also accepted the post's invitation to attend the Memorial Day exercises. City Clerk Friebe was entrusted with making the arrangements for the council members to attend the exercises.

The board of park commissioners which have charge of Mohagan park, presented their fourteenth annual report, in which they stated that they would ask an appropriation of \$5,000 for next year's same amount as last year.

Chief Howard L. Stanton presented his financial report for the year, in which he stated that the \$59,243 appropriated for the department had been expended.

Street Commissioner James P. Fox presented his annual financial report. It showed total appropriations of \$156,580.11, total expenditures of \$156,517.40, and total balances left of \$132,357.75.

The finance committee reported favorably upon the petition of the United Spanish War Veterans for an appropriation of \$100 for expenses of decorating graves of Spanish war Veterans and this was voted.

A deed for a strip of land on North Main street was presented from Mrs. Katherine C. Shannon and Mrs. Valerie S. Foran and was accepted.

After the presentation of the estimates for the coming year had been presented and accepted by the council, Councilman John T. Gleason addressed the mayor and the council, saying that he thought the people ought to know what the gas and electric commissioners were going to do about Mr. Mole and if he was to be hired again under a contract the taxpayers ought to have a chance to know it. Mr. Mole said the councilman had drawn \$2500 under his contract so far and would draw another \$25,000 if the May business of the gas and electric department was as good as the last year.

He moved that the council request the gas and electric commissioners to state what they proposed to do about Mr. Mole and that the council meeting adjourn till May 24 to receive the answer from the commissioners.

Councilman Edwards Crooks said he thought the gas and electric commissioners would probably tell the council to mind their own business. He said the council were sent to them, and Alderman George also opposed the motion. Councilman Frank G. Aubrey said he thought the city meeting could ask the question, and he moved to lay the motion on the table, which was voted.

Just before the council meeting adjourned at 10:30, Mayor Desmond said he wished to say a final word as this might be the last chance he had to address the members. He spoke of his gratitude individually and collectively to all the members and all the city officers for their courtesy and kindness in their official relations.

Councilman Crooks, speaking as a republican, said he seconded the sentiments of the mayor and was glad to say there had always been a feeling of friendship between the two sides of the council.

Councilman Frank G. Aubrey also added a brief word, saying that the public works committee had two particular things to try, and he thanked the mayor for his advice and assistance. The councilman said he felt that he could retire from office with a clear conscience of having discharged his duty to the best interests of the city as he saw them, even if not at all times satisfying the democratic town committee.

### CHILD KNOCKED DOWN ON NORTH MAIN STREET

Clarence Fowler of Laurel Hill avenue was brought into the police station Monday evening because of an accident which happened on North Main street about six o'clock Monday evening. It was claimed by the people who saw the accident that small child had been knocked down by a motorcar, the exclusive number 1570 and later Fowler's machine was found in the center of the city and he was brought to the police station.

Fowler claims that he was coming down North Main street and when he neared the intersection of Central avenue down the embankment to North Main street turned out for two automobiles, dodging the child which he saw beside the road. When he had gone on some distance he heard someone call to him that an Oldsmobile had hit the child and he started after the supposed machine but could not find it. He then came to the police station where he was called to aid the child reported the accident to the police giving Fowler's number as the machine that hit the child. The child was not seriously injured.

Another incident resulting from the case was that another child was in Norwich owned a motorcar's side car bearing the same number 1570 and one police officer chased him up Franklin street to arrest him, but found he had the wrong party as while the number was the same in markers were of a different color. The single machine has a white background with blue figures while the side car markers were of a blue background with white letters. This is a good point for people to observe when taking numbers of machines as it will avoid confusion and the possible arrest of an innocent party.

### PRESENTED BRACELET WATCH TO MISS EXILDA MARSHALL

Miss Exilda I. Marshall, who for the past eight years has represented the Metropolitan Life insurance company in this city as district nurse, severed her connections with the company on Saturday, at which time Superintendent George T. Higgins, in behalf of the Norwich staff, presented Miss Marshall with a handsome bracelet watch, inscribed as follows:

From the Metropolitan Staff  
Norwich, Conn.  
May 15, 1920

During the eight years Miss Marshall has so ably represented the company, she has been held in the highest esteem by her business associates, and her untiring efforts and unselfish care of the sick, have won for her a deep affection in the hearts of the policy-holders.

After a short rest, Miss Marshall will leave to take up her new duties in the office of the Metropolitan Life insurance company in East Taunton, Mass.

Miss Marshall will be succeeded by Miss Margaret M. Sullivan, a graduate of St. Francis hospital, Hartford.

### CONNECTICUT COLLEGE ADVANCES ITS FEES

(Special to The Bulletin)  
New London, May 17.—President B. T. Marshall announced at chapel at Connecticut college this morning a raise of \$100 in student expenses for next year, making the charge for board and tuition \$700 where it was \$600 during the past year. In this the college sum of \$85 is covered by the raise of the tuition charge from \$165 to \$250 and the balance is included in a \$15 increase for board and rooms.

All students whether resident or non-resident on campus will thus find their college expenses increased by at least \$85, while those who live in the dormitories will find the \$100 increase applying to them.

### MASTER BUILDERS DECLINE TO PAY LABORERS MORE

The laborers who struck a week ago for higher wages are still out on strike and there is, according to the master builders, very little prospect of the men returning to work at advanced wages.

A meeting of the master builders was held on Saturday to consider the situation but it was voted that no increase should be granted them. However a slight increase was offered the masons' helpers.

This strike has held up building projects in the city to some extent but the builders say they will eventually get along without the laborers rather than pay for increase. The laborers demand a twenty cents an hour increase.

### NAME CHARLES A. HAGBERG MEMORIAL DAY MARSHAL
